

CompTIA Security+ Supplemental Curriculum

TryHackMe Room Sequencing & Domain Alignment Guide

Instructor Note: This document outlines a structured, pedagogical progression for integrating twenty TryHackMe labs into a CompTIA Security+ instructional framework. The sequence moves systematically from core concepts and baseline host architectures to explicit threat identification, modern structural defenses, and operational governance.

Module 1: Security Foundations & Awareness

SECURITY+ DOMAIN MAPPING: GENERAL SECURITY CONCEPTS

LAB 01

Security Awareness Introduction

<https://tryhackme.com/room/securityawarenessintro>

LAB 02

Security Engineer Introduction

<https://tryhackme.com/room/securityengineerintro>

Module 2: Network & Infrastructure Security

SECURITY+ DOMAIN MAPPING: SECURITY ARCHITECTURE

LAB 03

Network Security Essentials

<https://tryhackme.com/room/networksecurityessentials>

LAB 04

Wireless Security

<https://tryhackme.com/room/wirelesssecurity>

Module 3: Malware Threats & Endpoint Defense

SECURITY+ DOMAIN MAPPING: THREATS, VULNERABILITIES, AND MITIGATIONS

LAB 05

History of Malware

<https://tryhackme.com/room/historyofmalware>

LAB 06

Introduction to Malware

<https://tryhackme.com/room/malintroductory>

LAB 07

Malware Classification

<https://tryhackme.com/room/malwareclassification>

LAB 08

Introduction to Antivirus

<https://tryhackme.com/room/introtoav>

LAB 09

Introduction to EDRs

<https://tryhackme.com/room/introductiontoedrs>

Module 4: Web Application Security & Mitigations

SECURITY+ DOMAIN MAPPING: THREATS, VULNERABILITIES, AND MITIGATIONS / SECURITY ARCHITECTURE

LAB 10

Web Application Basics

<https://tryhackme.com/room/webapplicationbasics>

LAB 11

Introduction to Web Application Security

<https://tryhackme.com/room/introwebapplicationsecurity>

LAB 12

Web Security Essentials

<https://tryhackme.com/room/websecurityessentials>

LAB 13

OWASP Juice Shop

<https://tryhackme.com/room/owaspjuiceshop>

LAB 14

WAF Introduction

<https://tryhackme.com/room/wafintroduction>

Module 5: Cloud Security & Emerging Technologies (AI)

SECURITY+ DOMAIN MAPPING: SECURITY ARCHITECTURE / MODERN THREAT LANDSCAPES

LAB 15

Cloud Security Pitfalls

<https://tryhackme.com/room/cloudsecuritypitfalls>

LAB 16

AI Models & Data

<https://tryhackme.com/room/aimodelsdata>

LAB 17

AI Security Threats

<https://tryhackme.com/room/aisecuritythreats>

Module 6: Security Operations & Governance

SECURITY+ DOMAIN MAPPING: SECURITY OPERATIONS / MANAGEMENT AND OVERSIGHT

LAB 18

Threat Hunting Introduction

<https://tryhackme.com/room/threathuntingintroduction>

LAB 19

Incident Response Playbooks

<https://tryhackme.com/room/irplaybooks>

LAB 20

Cyber Governance & Regulation

<https://tryhackme.com/room/cybergovernanceregulation>
